LinkedIn: [linkedin.com/in/manushree-v-938116362/](https://www.linkedin.com/in/manushree-v-938116362/) | LeetCode: leetcode.com/u/oFYhkY5jXR

PROFESSIONAL SUMMARY

Computer Science Engineering student at IIIT Trichy with strong foundations in Data Structures & Algorithms, Object-Oriented Programming, and Web Development. Skilled in Java, C++, JavaScript, React.js, and Git. Solved 160+ LeetCode problems and built responsive web applications using modern frontend technologies. Seeking Frontend Development, Software Development opportunities.

EDUCATION

Indian Institute of Information Technology (IIIT), Trichy

B.Tech in Computer Science and Engineering | CGPA: 8.9/10.0

Expected Graduation: 2028

Karnataka State Board (Class XII)

Score: 93.9% | 2023

CBSE Board (Class X)

Score: 91.6% | 2021

KEY PROJECTS

Mood-Based Destination Decider

Tech Stack: HTML, CSS, JavaScript

- Built a **mood-based travel recommendation website** using HTML, CSS, and JavaScript with an interactive personality quiz.
- Integrated the **OpenWeather API** to display real-time weather data for recommended destinations.
- Designed a **responsive and dynamic UI** with progress tracking, loading animations, and personalized travel insights.

Learning Path Generator

Tech Stack: React.js, JavaScript, CSS, Local Storage

- Built an interactive roadmap generation platform supporting 4 career domains.
- Implemented progress tracking using Local Storage for persistent learning progress.
- Integrated curated learning resources and completion tracking.
- Designed a responsive React-based interface optimized for desktop and mobile devices.

Currency Converter

Tech Stack: HTML, CSS, JavaScript, Exchange Rate API

- Built a responsive currency conversion application using real-time exchange rate APIs.
- Implemented dynamic currency selection and live conversion functionality.
- Optimized usability through clean and mobile-friendly interface design.

TECHNICAL SKILLS

Languages: Java, C++, C, JavaScript, SQL

Frontend: HTML, CSS, React.js, Responsive Design

Backend: Node.js, Express.js (Learning)

Databases: MySQL, MongoDB (Learning)

Tools: Git, GitHub, VS Code, Vercel

CORE COMPETENCIES

- Data Structures Algorithms
- Object-Oriented Programming (OOP)
- Front end development
- API Integration
- Problem Solving

RELEVANT COURSEWORK

- Data Structures & Algorithms
- Object-Oriented Programming
- Operating Systems (Banker's Algorithm)
- Automata and Formal Languages
- Database Management Systems

ACHIEVEMENTS

- Algorithm Mastery:** Solved 160+ problems on LeetCode.
- Academic Excellence:** Maintained CGPA of 8.9/10 at IIIT Trichy.
- Portfolio:** Deployed multiple full-stack and front-end projects using React and modern JS.
